Dear Supplier:

As per OSHA requirements, we at IMC Kalium Ogden, must keep a Material Safety Data Sheet (MSDS) on file for each product, at our facilities, that contains a hazardous material. Please send us a copy of the most recent MSDS for each product you have sold to us, in the year 2000, that contains any type of hazardous material. Please mail us a clean copy, as faxes are often not of reproducible quality.

Please send your MSDS to Heidi Lawson, P.O. Box 1190, Ogden, UT 84402 by **January 31, 2001**. Contact Kurt Schull, at 732-3356, with questions.

Thank you, in advance, for your cooperation,

Heidi R. Lawson
